Subject: RE: Deer Park Fire SITREP #1

Outstanding PCCs and Texas Department of State Health Services!! I shared your situation report with the EPA and ATSDR/CDC in Atlanta.

I will also highlight your work at the Regional Response Team (RRT) meeting next week in Oklahoma City, OK. I will showcase your work and add that you would like at a minimum, 6 hours notification in order to get public health messaging developed. And that you will need the chemical information from the environmental responding group as soon as possible in order to develop appropriate messaging.
